Fire Company Has 17 Units Already Promised For July 4 90th Anniversary Parade Here

Seventeen units have thus far notified the Gettysburg Fire Department that they will take part in the July 4th parade here marking the 90th anniversary of the Battle of Gettysburg. Fire Chief Donald G. Jacobs, parade chairman, reported at the May meeting of the fire company Wednesday night in the fire engine house. These include nine fire companies with apparatus; four marching units with music; two floats, one band and one drum and bugle corps. Many more entries are expected before July, he said. William G. Weaver, president of the company, predicted that the parade will be the largest ever held under the fire company's auspices in Gettysburg.

He reported that more than 800 men from regiments of the Fifth Division now stationed at Indian-town Gap, with two bands, will march in the parade, with massed colors and battle streamers. The famed Air Force Drum and Bugle Corps, which breaks precedent to come to Gettysburg this year for the second successive year, will lead the parade and present a concert and exhibition on the high school athletic field Sunday evening at which Vice President Richard N. Nixon will be the speaker.

First Parade on June 6
The firemen will march in their first parade of the 1953 season on June 6 at Quarryville, in the Lancaster County Convention parade. Chief Jacobs announced. They will be accompanied by the Blue and Gray Band. Members of the fire company with automobiles were asked to help provide transportation to Quarryville for band members.

The Gettysburg High School Band will march in the July 4th parade, Chief Jacobs also announced. (Continued on Page 2)

Seek Antibiotic Molds From Battlefield; Wonder Drug

Arthur G. Trudeau and Miss Dorothy Ruland are shown taking soil from the battlefield near "Bloody Angle" for laboratory tests to determine whether it contains antibiotic molds.

Will the next "wonder drug" be found in soil taken from historic Gettysburg battlefield?

Scientists this week received samples of soil gathered near the High Water Mark on the battlefield by two undergraduate students of Gettysburg College. They hope to find molds which may produce a new lifesaving antibiotic such as aureomycin.

The samples were taken by Miss Dorothy Ruland, of Easton, Pa., and Arthur G. Trudeau, whose father, Major General Arthur G. Trudeau, is serving with the U. S. forces in Korea. They have been forwarded to Pearl River, N. Y., for testing at Lederle Laboratories Division of the American Cyanamid Company.

While there are no reliable formulas for predicting whether soils from here, or from any other particular area, are likely to produce antibiotic molds, scientists are interested in the samples from the battlefield because they represent a distinct type. And all types of soils are being tested in the world-wide search for new wonder drugs. Certain soils not recently tilled or disturbed are regarded as most apt to produce antibiotics.

The golden mold, aureomycin, has saved thousands upon thousands of lives since it became available to the public in 1948.

The quest for new antibiotics continues today with the testing of soil samples from every area of the earth. Scientists believe that somewhere, perhaps here in Gettysburg, there may be soil with a strain of micro-organisms which will prove more effective in the war against disease than anything now known.

PLAN SERVICES HERE ON MAY 31

Preliminary plans for the annual Negro Memorial Day services, to be held Sunday, May 31, were outlined Wednesday evening at a joint meeting of Dorsey Stanton Post 986 of the American Legion, its Auxiliary and the Lincoln Cemetery Grave Yard Committee. The session was held at the Dorsey-Stanton Post home.

Final plans for the observance will be announced at a later date, a spokesman for the joint committee said. The group decided to abandon the usual custom of canvassing the town for donations to help sponsor the parade.

Instead a pig roast will be held Saturday, May 23, at the Dorsey-Stanton Post home to raise the money necessary to sponsor the affair. Tickets for the pig roast will be on sale at \$1 each, the committee said.

While no solicitation will be made, persons who may wish to give to the fund needed for the service are asked to send the donations to the committee at the Dorsey-Stanton Post, or to give the donations direct to any member of the committee.

Friday's lecture is the last of a series being conducted by the Public Affairs Committee of the "Y."

A native of Leipzig, Germany, Dr. Paulsen was educated at the university there and at Göttingen. Her career as a social worker began in Frankfurt Main in 1919 where she was head worker in a home for girls. Then she did social work with the "Women's Police" for the Lutheran Inner Mission at Kiel and Stettin and in 1923 was called to Hamburg to assist in the organization of the "State Welfare Department."

After Adolf Hitler seized power in Germany, she left that country and went first to England where she made a study of social work, coming to the United States in 1936. In 1937 she held a teaching fellowship at the seminary here and from 1938 to 1942 was a member of the sociology department at Wagner College. MATERIALS FOR PRIMARY WILL BE DELIVERED ON SATURDAY

The Adams County commissioners, serving as the county election board, on Saturday will distribute to the election officials in the county, with the exception of Gettysburg, the ballots and other materials for use in Tuesday's primary election.

The materials for the Gettysburg voting places will be distributed early Tuesday morning by Commissioners Clerk Clarence C. Smith.

There will be enough ballots for all voters but election officials doubt if the majority of the 18,142 persons eligible to vote at the primary will turn out to make their choice for party candidates.

There are 10,654 Republican voters, 4,849 of them women, and there are 7,490 Democrats, of whom 3,283 are women.

600 Candidates

The polls will open at 8 o'clock Tuesday morning and close at 9 o'clock Tuesday night. There are approximately 600 candidates for about 300 offices in the county.

A number of write-in votes are expected to be cast for the more than 100 offices for whom there are no candidates on either ticket.

On the county level the Republicans will have to make a choice for nearly every office. The Democrats have but one candidate for most offices. As a result the turnout of Republicans is expected to be larger than the Democrats.

On the Republican ticket five men are seeking the sheriff nomination: Incumbent Dorsey J. (Please Turn to Page 4)

COMPENSATION CASES HEARD

Hearings in a number of cases were being held before Gladstone Carmalt, Lancaster, referee of the Pennsylvania Workmen's Compensation Board, at the Court House today.

Compensation for Charles C. Trostle, Littlestown, was ordered terminated following filing of a stipulation by which the state occupational diseases fund and the Workmen's Compensation fund will complete payments for medical expenses of Mr. Trostle. An employee of the Littlestown Hardware and Foundry Co., Trostle had contracted silicosis while employed as a moulder. Medical expenses incident to his treatment cost more than \$1,000, according to the testimony at the hearing. The two state funds are paying \$809.57 toward the expenses involved. Trostle has recovered from the illness, Attorney Eugene Hartman told the referee, and is now back at work.

A hearing was held for Elmer G. Wherley, Littlestown, a moulder at the same foundry who has contracted silicosis and is now incapacitated. The company joined with Wherley in the appeal for compensation. Testimony was taken in the matter this morning with the referee, to make his decision later.

A similar procedure was taken in the case of J. Walter Gross, Littlestown, seeking compensation for a disfigurement caused by an accident at the Littlestown foundry. Dr. Leonard Potter told of examining Gross and the nature of his injury which resulted in a deep scar on the face.

A number of other cases, some from as far away as Littleton, are also being heard.

Dickinson Show Is Well Received

"The Laughing Stock," an original musical comedy produced by the Dickinson College Dramatic Society, was enjoyed by more than 200 Gettysburg College students in Eddie Plank Memorial Gymnasium Wednesday night. The show was the cooperative effort of Cardell Cook, Robert High and Robert Keuch, with lyrics and music by Cook, Ralph Lamb, Jay Hughes, Ham Neeley, Mickey Silver and Burt Garber. The three truck-loads of scenery were brought from Dickinson to present the ten scenes. Particularly outstanding was the stock market crash scene which included an almost solid backdrop of flashing ticker tape before which the chorus of "steno's," price runners and stock buyers performed their ballet.

Mickey Silver, a veteran of the troupe, was outstanding as the wise-cracking brother, and Nancy Boyd as his mother played the "matron" comedy role well. Jeannette Leavitt was excellent as the "overbearing" friend of the family and Ann Daly as the French maid.

manipulation spread to the Americas. The Greeks made glass lamps for their temples and perfume jars for precious ointments. In Rome the process of came glass became perfected. In Venice, a lace or lattice-work style was used. The Germans met in the forest to make a certain type of green glass by means of a charcoal heating process. They also made enameled glass. Each country and ruling house vied with the other to perfect the art of glass-making.

"America is the melting pot of glassmaking customs," he explained. "From all parts of the Eastern world and Europe have come skilled workers, each bringing his own special techniques to the New World. In America one can find any type of glass and combinations of techniques. The first factory was established at Jamestown, Va. Pennsylvania became eventually the leading state in glass work when the Stiegel factory was founded in Manheim. The Amelung factory built in Frederick, Md., many years ago was closed in 1790. Not far from Frederick the Johnson glass works was established."

Blows, Cut Glass
Mr. Kessler described how glass is "blown" or "cut" and how a glass-blower blows glass from a long tube hush like a small boy blowing soap bubbles. He told of the type of glass described by the well-known writer, Elsie Singmaster, who wrote a story called "The Amethyst Flask," some years ago in the Junior Red Cross magazine. He displayed numerous pieces, some of which included a sapphire blue Stiegel-type creamer; a sapphire blue salt container in a checker diamond design; a creamer in a diamond pattern with a blue rim; also a Stiegel-type Stiegel mug; and a variety of glass fragments from excavations made on sites of ancient glass factories.

nounced, wearing their new uniforms, but will not compete for parade prizes.

Weekly summer fire drills will start tonight, the chief announced. All members are asked to meet at the fire engine house at 6:30 p.m.

Ask for Uniforms
An appeal was made to all members of the fire company with uniforms who do not expect to parade at Quarryville or in subsequent parades to return their uniforms to Assistant Chief Donald E. Staub at the fire engine house.

The fire company owns approximately 125 uniforms which are in the hands of members, but at parades last summer only a few more than 40 men turned out in uniforms for parades, President Weaver said. There are a number of new members of the company who do not have uniforms but would parade if they had them, he said.

Rules for nearly all parades require at least 40 men in the line of march to be eligible for a prize. Donald W. McSherry, general chairman of the Anniversary Committee, urged every member of the company to assist in the preparations for the event, which opens June 30 and continues through July 5. Town solicitations, with Paul Anzenberger as chairman, will start May 25.

Elect Two Members
President Weaver reported that John Murren, Centennial, county fire marshal and county Civil Defense fire chief, will attend a C-D school at Ogontz, near Philadelphia May 25-29, and would like to have some member of the Gettysburg Fire Department or other interested person in C-D work accompany him. President Weaver should be notified. Transportation and other costs will be provided.

Two new members were voted on and accepted, Ray K. Breighner, 12 Seminary Ave., and Charles Hocken-smith, 3 Liberty St. Two applications for membership were received but were laid on the table. There are no vacancies now, President Weaver said. William Woodward was dropped from membership at his own request. He is leaving Gettysburg, it was reported.

A contribution of \$10 was received from James A. Carpenter, and \$5 from R. W. Wentz, W. Henninger and Julius Swope, for services performed by the fire company.

The "duty roster" for the June meeting will include Jacob Small, chairman; Ellis Smith, Francis Smith, S. Charles Smith and Raymond Spahr.

Missions Services

An Ascension Day of Prayer for missions services will be held tonight at 8 o'clock in St. Paul Church, near East Berlin, sponsored by the Women's Fellowship of the East Berlin Reformed Church. MYSTERY

The garden is a busy place. The painters of the spring From dawn to dusk at furious pace. Are tinting everything. With colors beautiful, once more They've started—none too soon— To have the roses ready for The fast approaching June.

Some specialists renew the stocks And some the columbine. Some paint the pansies, some the phlox And some the climbing vine. But all with equal artistry Are laboring, sunshine or shower, That lovely while that blossom be When it is time to flower.

No oily rags, no empty cans Are left to mar the scene, To show the work has all been man's When he has painting been. But just that touch of beauty won By skill no man has earned, That one great mystery—how it's done— No mortal yet has learned.

Today's Talk

By GEORGE MATTHEW ADAMS

HORROR TALES

I am against all censorship—except in cases where good taste and decency are dragged in the mud and insulted. And this applies to many of the so-called comic books that are poison to the mind of a child, dirty sex books that are being sold by the million in cheap paper bindings, and horror tales told upon the radio and TV.

A classic story is that one by W. W. Jacobs called "The Monkey's Paw"—but when I viewed it on TV, it was a far different story in its effect upon the mind than when told rather soberly in the written text. I prefer such a story as that marvelous tale by Christopher Morley, "Parnassus on Wheels," that was superbly done on TV and which left one in a delightful mood.

Excitement in a comic or book is to be commended, but when it leads to teen-age brawls and often tragic ends, it's something else. Much of this material should be prohibited by law. The old-time "dime novels" were things of virtue compared to these modern horror creations. They serve no good end.

Newspapers are to be commended for their care in the selection of comic art. Most of it is as it should be, to amuse and create laughter and innocent fun, and in many cases to point a good moral lesson. There are enough nervous wrecks in the world without adding to the number through indecent and horror tales, however.

Where do these teen-age gangs get their ideas and their love of guns and killing? It's something new during these past few years. Youth needs its outlets for excessive energy and ambition, but there are heavy penalties to pay when this outlet is one of crime. Much of the cheap reading that is scattered in comic magazines and paper backs, with their tales of horror and unlawful adventure, makes ready reading for young criminals and potential gangsters. Why is such material allowed? Tomorrow Mr. Adams will talk on the subject: "Stars and Violence."

Leaving the center square at 10:30 o'clock, the Lions began their tour of the battlefield, with Herbert Allison, William Allison and John Slavaugh as the guides.

Reds Say No To Allied Plan On Prisoner Exchange; Start Taking Down Tents For POWs

PANMUNJOM (AP)—The Communists today said no to the latest Allied plan for exchanging war prisoners and neither side gave any indication of yielding on that last major barrier to an armistice in Korea.

Nearby, the Reds tore down tents used for exchanging sick and wounded war prisoners, indicating they're through trading. The United Nations center still stands.

At today's truce meeting, the Reds called the Allied counterproposal to their eight-point May 7 offer "absolutely unacceptable" and said it "intends to overthrow the basis of negotiations of both sides."

Charge "New Viciousness"

The chief Allied negotiator, Lt. Gen. William K. Harrison Jr., answered with charges that the Reds illegally took Allied prisoners across the Yalu River into Manchuria and used others for labor troops.

He charged the Reds with reducing warfare to a "new viciousness" by impressing some 50,000 captives into the Communist armed forces, rather than releasing them at the front as the Reds have maintained.

After the meeting, he told newsmen: "There still is a complete difference of opinion on the major points."

Would Free 34,000

The Allied counteroffer would free 34,000 North Korean prisoners who refuse repatriation and, under certain conditions, would put 14,500 Chinese in temporary custody of a five-nation commission made up of Sweden, Switzerland, India, Poland and Czechoslovakia.

If two months of Red "explanations" fail to sway the Chinese the Allies would release them out-

3 NEGROES WIN AT ATLANTA

ATLANTA (AP)—Atlanta, a Democratic stronghold for many decades, gave public posts to three Negroes in a primary which set a precedent by omitting the label of "Democrat."

Dr. Rufus G. Clement, Negro president of Atlanta University, defeated his white opponent, J. H. Landers, in a race for a school board post held by Landers for 26 years. The vote was on a city-wide, not ward basis and gave Clement 22,142. Landers 13,800.

Not since Reconstruction days had a Negro tried for election to the Atlanta board of education. Negroes also won a measure of political recognition in election for the first time—of two Negroes—A. T. Walden and Miles Amos—to the 16-member City Executive Committee, which governs elections.

Canner Track Meet Postponed To May 21

A torrential downpour midway during the meet forced the postponement of the Scotland-Bigsville High School track meet at Bigsville Wednesday evening. The meet was rescheduled today for next Thursday evening at 7 o'clock at Bigsville.

The Cannors were leading 28-25 when the rain arrived. It was decided the entire list of events will be re-run next Thursday.

Next Wednesday Bowling Springs will meet the Cannors in a dual affair at Bigsville.

A double-header baseball program, believed to be the first ever participated in by a Gettysburg High School baseball team, is listed for the Recreation Field Friday afternoon starting at 3 o'clock when the above Warriors tangle with Chambersburg in important South Penn Baseball League games. Scheduling of the twin bill was the result of two previous rain-outs at Chambersburg. The first game will be seven innings and the second game five. "Skip" Fisel has been nominated by Coach Howard Shoemaker to hurl the first game while Del Richardson will pitch the second contest.

Chambersburg and Gettysburg are now deadlocked for second place in the league. Hanover's unbeaten defending champs are in the top position.

Little League Lays Plans For Opening Saturday, May 23; Parade To Precede Games

Plans were made for the opening of the Little League baseball season on Saturday afternoon, May 23, at a meeting of league officials Wednesday evening at the fire engine house.

A parade has been scheduled for 1 p.m. It will form in the first block of S. Stratton St. from where it will move to Lincoln Square, Baltimore St. and to the Recreation Field.

The Lincoln School Junior Band will furnish the music. Heading the line of march will be a police escort. All members of the four teams will march in their uniforms. One auto will include Charles Smith, league president, and two speakers who will be announced later. Another auto will contain representatives of the team sponsors.

Following brief ceremonies at the field a double-header will be staged with the Rotary Tigers opposing the Glenn L. Bream Yankees in the first game and the Lions Giants facing the Moose Cubs in the second contest.

A league schedule was adopted calling for single games each Tuesday and Thursday evening at 6:30 o'clock with twin bills each Saturday afternoon starting at 1:30.

During the past two weeks workouts have been held for approximately 125 youngsters who are seeking berths on the teams.

Tonight the managers, Francis Knox, Moose; Luther L. Sachs, Glenn L. Bream Garage; John Long, Lions, and Richard Drees, Rotary, will meet for the auction or "purchasing" of players for their respective teams.

18 Players With Big Leagues Since Start Of Season Sent To Minors; 2 Others Traded

NEW YORK (AP)—Eighteen players who started the campaign with major league teams were back in the minors today, victims of the 25-player limit in the big time and two others were different uniforms.

From now until Sept. 1, each major league club is permitted only 25 players, plus up to five who are back for their first season after serving in the armed forces.

Both of last year's pennant winners—the New York Yankees and the Brooklyn Dodgers—had to shave their rosters. The Yanks optioned outfielder Bob Cerv to Kansas City of the American Association and infielders Jim Brieseman and Frank Verdi to Syracuse of the International League.

The Brooks sent Dixie Howell, their bullpen catcher, to St. Paul of the American Association and optioned outfielder Dick Williams to Montreal of the International League. They also restored to active service first baseman Wayne Belardi, who had been out since the start of the season because of an elbow operation.

There were only two deals involving major league teams. In one, the Pittsburgh Pirates sold catcher Eddie Fitzgerald to the Washington Senators for an undisclosed amount of cash and a couple of pitchers for minor league teams.

The other involved catcher Hank Folles, whom the Cincinnati Reds sold to Cleveland in a straight cash deal. The amount wasn't announced.

Besides bartering Fitzgerald, the

Pirates sold Forrest Main to Toronto of the International League and Bob Hall to Seattle of the Pacific Coast League.

Washington was the last to get under the limit when it asked for waivers on catcher Les Peden and sold pitcher Lou Sleator to Toronto for a reported \$20,000.

The only other team in the National League that was over the limit was the St. Louis Cardinals. They solved the problem by releasing Billy Johnson outright. The third-baseman is a 10-year man and can make a deal for himself.

Milwaukee cut to 24 men by sending pitcher Murray Wall to Toledo of the American Association.

In the American League, Philadelphia released infielder Don Kolloway and sent pitcher John Mackinson to Ottawa of the International League on 24-hour recall.

Bill Boyd, the Pacific Coast League's leading hitter last year with Seattle, was sent down to Charleston of the American Association along with pitcher Connie Johnson, by the Chicago White Sox.

First baseman Dixie Upright will toil for Los Angeles and pitcher Bob Habenicht will throw for Charleston. They started the season with the St. Louis Browns.

The Boston Red Sox cut pitchers Ben Flowers and Ken Holcombe. Flowers goes to Baltimore of the International League and Holcombe to Louisville of the American Association.

ODDS AGAINST JERSEY JOE IN FRIDAY'S FIGHT

By JACK HAND

CHICAGO (AP)—Take your pick. Rugged Rocky Marciano, an easy to hit slugger with a one-punch knockout wallop. Or cagey old Jersey Joe Walcott, still spry at 39 and dangerous with either hand.

The odds say 3 to 1 in favor of the Rock from Brockton, Mass., but be careful. They always run heavy against the Old Pappy guy with the six kids back home in Camden, N. J. He could fool the experts tomorrow night at Chicago Stadium like he did when he flattened Ezzard Charles with one punch in Pittsburgh in 1951.

Walcott can knock down Marciano. That you know. He did it last September in the first round with a sweeping hook that dumped Rocky in the resin for the first time in 43 fights. But the Rock got up. Don't forget that.

Rocky Did It Before

Marciano can knock out Walcott. That you also know. He did it before—in the 13th round at Philadelphia with as pretty a right hand as you ever saw. The picture still lingers of Jersey Joe slowly sinking down, as though trying to stand on his head. Slowly. Finally settling for the full count and more too.

Is Walcott as good as ever? Is Rocky? It is hard to see how Walcott could improve. After all, he's been boxing since 1930. With Marciano there always has been plenty of room for improvement—still is.

The gym works tells you practically nothing. Marciano still flounders when he misses. But his pressure attack and thunderous body belts make a fellow gasp for breath after a round or two.

No Choice For Rocky

From Walcott's ballyhoed artist, Harry Mendel, comes word that Jersey Joe is going to gamble . . . shoot the woks for a knockout. He would be silly to do that—unless he knows he can not go 15 against an ever-onward pressing opponent.

If Joe still has the legs to do it, it would be normal to expect a return to that Jersey shuffle that baffled Joe Louis the first time around.

Marciano has no choice. With his short, chunky arms (67 inches in reach to Walcott's 74) he can't hope to outbox the oldtimer. He is a puncher, period.

The notion here is that Marciano, applying constant pressure, will wear down Walcott again. Perhaps he will be knocked down again. But he gets up. Along about the ninth round, I think Walcott will retire to the pipe and slipper set to start collecting that \$500 a week his manager has promised.

Improved Milwaukee Braves Smother Giants 11-1; Only Half Game Out Of 1st Place

By BEN PHLEGAR
AP Sports writer

It's about time the travel agents of the nation paid a special tribute to the Milwaukee Braves. Where could they find a better example of the benefits to be obtained by a change of scenery?

The 1,000-mile westward shift from Boston to Milwaukee has worked wonders for the once-downtrodden ball club that finished a dismal seventh in the National League last year.

A quick glance at today's standings shows the Braves only half a game out of first place. They have seven more games on their present home stand at their new five million dollar stadium, where they have won seven out of eight.

Smother Giants

The fans are clamoring at the gates. In seven homes dates the club has drawn 172,781 cash customers. Last year's total attendance in Boston was 281,778.

Yesterday, with the thermometer shivering at 39 degrees, 9,043 fans turned out to watch their Braves smother the New York Giants, 11-1.

Manager Charlie Grimm has been fortunate to come up with a trio of red-hot newcomers in pitchers Bob Buhl and Don Liddle and outfielder Bill Bruton. But his old Boston lineup has become revitalized as well.

Burdette Improved

The Braves had only one pitcher—Ernie Johnson—who finished last year with an average as high as .500. Yet nine of their 13 victories this season have been registered by last year's mound star.

Lou Burdette, yesterday's winner, has shown remarkable improvement. Working as a long-distance relief man, Burdette has pitched 17 1/3 innings in three games, has a 2-0 record and a 2.12 earned run average.

He came in at the start of the third inning against the Giants after starter Johnny Antonelli had injured a finger on his pitching hand and stopped New York on four hits. In his previous appearance he relieved Antonelli with two out in the first inning at Brooklyn and went the rest of the way to beat the Dodgers handsly, something the Braves did only three times last year.

Brooklyn Frozen Out

Milwaukee moved into second place over Brooklyn, which was frozen out of its scheduled game at Chicago. Rain and wet grounds also caused the postponement of the other two National League contests—Pittsburgh at Cincinnati and

Philadelphia at St. Louis.

In the American League the New York Yankees won their third straight over Cleveland, 9-4, dropping the Indians into third place. Boston whipped Chicago, 3-0, and Philadelphia broke its seven-game losing streak at the expense of the St. Louis Browns, 2-1. A night game at Washington between the Senators and the Detroit Tigers was rained out.

A's Beat Browns

Shut out on one hit the previous night, Cleveland came up with four runs in the first four innings against the Yankees yesterday. Then its pitching folded and by the end of seven the Yanks were ahead to stay. Mike Garcia was the loser against Eddie Lopat.

Marv Grissom handcuffed the White Sox on four hits for Boston. Despite the loss Chicago moved over Cleveland into second place.

An eighth-inning home run by Eddie Joost provided the victory margin for the Athletics over the Browns.

Steve Kraly, the hottest pitcher in the Eastern League, is ready to start his shutout streak all over again.

The pint-sized Binghamton Southpaw had his string of scoreless innings stopped at 31 1/3 last night when Williamsport pushed one run across in the seventh inning. He blanked the Athletics the rest of the way with six hits and won, 9-1.

Kraly became the league's first pitcher to win five games. He has the victory snapped Williamsport's winning streak at four, knocked the Athletics back into sixth place and moved the Triplets into third.

Tosses Shutout

At Elmira Gus Gostlin tossed his first shutout of the season with a two-hit, 2-0, victory over Scranton. Gostlin has won four and lost two.

Schenectady's Ed Zinker held Wilkes-Barre scoreless until the eighth inning, when the Barons came up with two runs to win, 2-1. The victory gave Bill Sherman his third triumph against two defeats.

A doubleheader between the league-leading Reading Indians and Albany was rained out. The postponement, plus Elmira's victory, cut the Indians' margin to one game.

IKE URGED TO WIN BRITISH ON ASIATIC POLICY

WASHINGTON (AP)—Sen. Ferguson (R-Mich.) today urged President Eisenhower to "speak out now" in an effort to win British support for a firm policy toward the Communists in Korea and elsewhere in Asia.

He made the suggestion in an interview at a time of increasingly bitter transatlantic gibes between lawmakers of the two long-time allies.

Sen. Knowland (R-Calif.) yesterday denounced as a "Munich" appeasement inviting World War II proposals by Prime Minister Churchill and Clement Attlee, Labor party leader. Knowland particularly objected to any truce

which would leave Korea divided and lead to admission of Red China into the United Nations.

Hope To Be Reunited

Backing this up, Ferguson said the President should make a public statement of coincidence with those of Churchill and Attlee.

"An early statement on our stand by the President would be of great benefit," the Michigan senator said. "Churchill and Attlee have been advertising to the world where Britain is going to stand in the Korean peace negotiations—if there is a cease-fire—and I am fearful this will discourage our allies in their efforts to resist communism."

"But I still hope we can be reunited with Britain and our other allies in a firm stand against the expansion of communism and the President is the man to do it."

The State Department late yesterday threw a little cold water on Churchill's suggestion Monday for a meeting of Western and Russian leaders.

The suggestion was "a further manifestation of his (Churchill's) own high purpose," the department said, but it stressed that before any such talks, there must be concrete evidence of Soviet good faith.

The statement said agreement on a truce in Korea and an Austrian peace treaty would demonstrate such sincerity and would "help to pave the way toward a high-level conference."

York Springs CHURCHMEN ARE BANQUET HOSTS

The men of the York Springs Lutheran Church entertained about 150 mothers and daughters at a dinner prepared and served by them at the York Springs Fire Hall Saturday evening. The men wore white shirts and aprons.

Rev. Norman L. Bortner served as toastmaster. Gifts were presented to the oldest mother, Mrs. Chase Pittenuff; the youngest mother, Mrs. Terry Taylor, the mother with the most daughters, Mrs. Spence Snyder; the mother who had traveled the greatest distance, Mrs. Latham Brown. The newest members of the church were also introduced.

Mrs. Ferna Zerbe, Altoona, visited her son and daughter-in-law Mr. and Mrs. Preston Zerbe, over the weekend. She was a guest of her daughter-in-law at the Lutheran Mothers and Daughters dinner.

Mrs. Lathan Brown and two children are visiting her mother, Mrs. J. B. Guise, York Springs, for about two months while her husband, Lt. Brown, is attending a finance school at Camp Atterbury, Ind. They are stationed in South Carolina.

Career in Music

Clifford Snyder, a native of York Springs, is forging ahead with his musical career in New York and has just completed a successful year. He has been doing graduate work at the Juilliard School of Music after graduating from the Eastman School of Music, Rochester, N. Y., and will soon receive his Bachelor of Science degree from Juilliard. In the fall he will return for his Master's degree.

Among accomplishments this year, he was soloist for the biennial convention of the National Federation of Music Clubs at which time he sang as one of his selections a solo by the American composer, Marian Bauer, by special request of the program committee; soloist for the spring meeting of the New York Chapter of the Eastman School of Music Alumni Association; soloist for the Riverside Church Youth Guild; sang in five Town Hall concerts given by the "Concert Choir" under the direction of Margaret Hillis; soloist with the Fleetwood singers in a program of medieval and renaissance music in Carnegie Recital Hall, and soloist for the Broadway Tabernacle Church.

Before entering the Eastman School Mr. Snyder had served with the armed forces in the South Pacific and was in a heavy machine gun crew that fought on Okinawa. He also served with the Army of Occupation in Japan. He is a son of Mrs. Spencer Snyder, York Springs.

George Anderson, York Springs R. D., was entered at Polyclinic Hospital, Harrisburg, Tuesday for medical treatment.

Mrs. Annie Smith, State St., is confined to her bed with illness. The teen-age daughter of Harper Smith, Gardners R. D., suffered a broken leg at school in Boiling Springs. The leg was set and put in a cast by a local physician.

Hoofnagle, Mrs. Mary Hoofnagle and Miss Alpha McClell, all of Baltimore.

Weekend visitors at the home of Mr. and Mrs. S. L. Allison and family were Mr. and Mrs. Robert McCullough and family, Falls Church, Va.

The "open house" held Friday in the Fairfield Jointure schools was well attended. The rooms were attractively decorated with flowers and displays. Refreshments were served in the library.

According to the registration, the Fairfield Jointure has enrolled 70 beginners for the 1953-54 term. Any parent who has not registered a prospective beginner may still do so by contacting George Inskip, supervising principal.

Mrs. Ira M. Henderson, Mrs. Robert Neely and Mrs. Helen Culbertson attended the meeting of the Newville Home Auxiliary Tuesday at Hazleton. Mrs. S. L. Allison accompanied them and spent the day with her daughter, Mrs. Walter Leister.

One Per Cent Sales Tax Is Defeated; Seek New Revenue Plan; May Go To Communities

HARRISBURG (AP)—The grim prospect of devising a substitute tax program confronted the House today after it ditched the one per cent sales tax proposal.

The sales levy was returned to the House Ways and Means Committee late yesterday after Republicans failed to line up enough votes to pass it.

Rep. Albert W. Johnson House Republican leader, said there were no "immediate plans" for an alternate tax program.

He conceded that an income tax could not pass the House. Unless the sales tax is revived, he said, the lawmakers may have to resort to increasing existing levies.

Sen. Rowland B. Mahany, Republican floor leader, said there was a possibility that a previous plan to transfer a big part of the state tax burden to local communities may be considered once again.

Held Secret Caucus

The end came for the measure in a 2½ hour Republican House caucus behind closed doors. The GOP failed to muster the 105 votes needed to pass the levy designed to raise 172 million dollars.

After the meeting Johnson said, "It's dead now."

He recanted somewhat on the House floor later, declaring he was "hopeful and confident" that a

broad based tax program would be enacted before the end of the 1953 session.

The caucus showdown ended six weeks of behind-the-scenes action to hammer down opposition from about a dozen Republican holdouts and a solid 98-member block of Democrats.

Face Big Deficit

Meanwhile, the GOP was hard put to muster some kind of program to fill the 157 million dollar hole in the state's projected \$1,400,000,000 budget. The new biennium starts June 1.

Rep. H. G. Andrews, House Democratic leader, suggested that the Legislature re-enact all existing taxes and adjourn until next January to give the majority side of the House a chance to whip together an acceptable tax plan.

"That would be a far cheaper investment than a protracted session," said Andrews.

Recalling the year-long pitched battle over taxes in the 1951 session, Johnson replied that the minority proposal should be given

DEATH TOLL IN 7 OPENINGS IN TEXAS IS 101

WACO, Tex. (AP)—The known death tally continued to mount today as searchers dug deep into the tornado ruins in downtown Waco. Early today the 101st body was free from the debris.

Meanwhile, city officials studied these grim figures: damages estimated at 50 million dollars; 196 business and manufacturing buildings destroyed; 1,836 other buildings and homes damaged or destroyed.

The report was made last night at a disaster relief committee meeting. The figures were compiled by an Army Engineers survey team sent here from Dallas.

In San Angelo, Tex., where another tornado struck shortly before the Waco storm, the toll stood at 10 dead—making a total of 111 tornado dead in Texas.

The weather remained wet and cold. Two hours of sunlight yesterday were all Waco had seen since the twister smashed the heart of the business district Monday.

Secretary Of Labor Durkin Is Silent Man Of Cabinet; May Be Only A Figurehead

By JAMES MARLOW
WASHINGTON (AP) — Of all the members of President Eisenhower's Cabinet, Secretary of Labor Durkin — lifelong Democrat and former head of the AFL Plumbers Union—has probably had the least to say.

Since taking office in January Durkin has made a few public talks, none of which started any fires, and has held one news conference. Reporters covering the Labor Department seldom get to see him. When they do, they report, he has practically nothing to say.

He tried to hold a labor-management conference on labor problems but it collapsed at the start.

Before he became secretary, Durkin, as an AFL leader favored full repeal of the Taft-Hartley Act. During the 1952 presidential campaign Eisenhower suggested the act should be changed a bit, but not repealed.

Favors T-H Changes
When he became secretary, Durkin modified his position—as he undoubtedly had to do to remain

in the Eisenhower Cabinet—and said he thought changes in T-H would be sufficient.

Amending T-H is the No. 1 labor relations problem facing the Eisenhower administration. The House and Senate Labor Committees have held weeks of public hearings to listen to suggestions. Those public hearings are now over but neither Durkin, the main labor official of the government, nor any other representative of the administration appeared to offer ideas.

This annoyed one member of the Senate committee so much—Sen. Murray, Montana Democrat—that he made a statement.

"Unique Experience"
Murray said it was "an altogether unique experience—the first time in my senatorial career in which a Senate committee has held extensive hearings . . . without the benefit of the experience and advice of the executive branch of the government."

It was unusual because it is common practice for a Cabinet member, as head of a department,

to appear before a congressional committee considering legislation which comes within the province of his department.

Durkin had an embarrassing beginning as secretary. When Sen. Taft, the Ohio Republican who is co-author of T-H and his party's leader in the Senate, heard Eisenhower had picked Durkin, he said: "Incredible."

No Known Friction
There has been no known friction between Taft and Durkin since. But shortly after the Eisenhower administration took over, Taft offered Congress a number of his own suggestions for changing T-H. So far as is known he didn't consult with Durkin beforehand, although he said he had talked over his amendments with Eisenhower.

Before joining the Cabinet, Durkin said one of his main objectives in office would be to amend T-H in a way "acceptable to both labor and management and which will protect the public's interest."

U.N. Command Hands Reds New Armistice Blueprint For Korea; Reds Assail Plan

PANMUNJOM (P)—The U. N. Command has handed the Communists a new blueprint for an armistice in Korea. It was a sweeping 11-point plan for exchanging prisoners of war, last big roadblock to a truce.

The Allies would free 34,000 North Koreans who refuse to go home and—on certain conditions—give temporary custody of 14,500 balky Chinese to a five-nation commission made up of Sweden, Switzerland, Poland, Czechoslovakia and India.

The Communists called the proposal a "step backward" and said the Allied attitude "threatens the prospects of the whole armistice negotiations."

The broad plan—a counterproposal to one advanced by the Communists—is based on the long-standing Allied position that no prisoner will be sent home against his will.

After the lengthy document was read and the Communists commented acidly, the truce negotiations adjourned until 11 a.m. today.

Lt. Gen. William K. Harrison Jr., senior Allied delegate, presented the plan to his Communist counterpart, North Korean Gen. Nam Il, in a one hour and 40-minute session.

3-Point Plan

Briefly, the Allies proposed:

1. Repatriation of prisoners im-

mediately after an armistice, except those refusing to go home. Releasing to civilian status all prisoners of Korean nationality unwilling to return to Red rule. Releasing all non-Korean prisoners who persist in refusing to return to Communist control after 60 days in custody of a neutral commission.

2. Conditional acceptance of the Communist nomination of India, Poland, Czechoslovakia, Sweden and Switzerland as members of the custodial commission—but only if India heads the body and provides any troops needed.
3. Rejection of the Reds' proposal that a political conference determine the fate of prisoners refusing to go home after being in neutral custody.

"Step Backwards," Says Nam

The Allied plan voiced no objection to the Red proposal that representatives of the Communist governments be permitted to explain things to reluctant prisoners. However, the Allies warned against any effort to intimidate or force the prisoners.

Senate Confirms Ex-Gov. Hildreth

WASHINGTON (P)—The Senate has confirmed the nomination of Horace A. Hildreth, former Republican governor of Maine, to be ambassador to Pakistan.

For the last four years Hildreth has been president of Bucknell University.

"It is an excellent basis for an armistice," Harrison told Nam. He asked the Communists to study it "in the same spirit of constructive negotiations in which we have studied your eight-point proposal on which it is based."

Nam observed coldly that the Allies had not accepted the Communist proposal, which the Reds had put on an "all or none" basis. Nam said the new Allied proposal was "a step backwards from the three-point proposals put forward in the letter of April 16 by your side."

The Allies had nominated Switzerland as a neutral to handle all reluctant prisoners.

VOTE FUNDS FOR BACK PAY

HARRISBURG (P)—The House has received a bill providing \$520,000 for payment of back salaries to employees of the Welfare Department and 10 state-owned hospitals in the coal regions.

The measure was passed Tuesday in the Senate by a 39-5 vote. Of the total, \$400,000 is earmarked for the 10 medical and surgical hospitals and \$120,000 will pay salaries of welfare department employees who have not been paid for several weeks.

Voting against the measure were Sens. John H. Dent (D—Westmoreland), Elmer Holland (D—All-

Also confirmed without objection was the nomination of Catherine B. Cleary, 36-year-old Wisconsin bank official and lawyer, to be assistant treasurer of the United States.

gheny), John J. McCreesh (D—Philadelphia), Joseph J. Yosko (D—Northampton) and John C. Miller (R—Beaver).

In opposing the measure Yosko said he was "not opposed to paying back salaries of innocent welfare department employees, but to waste and inefficiency."

Nanticoke State Hospital, Yosko contended, wrote off \$144,000 in fees, while collecting \$40,000 in the year ending May 31, 1952. Hazleton, he said, wrote off \$276,000 with \$78,000 reported as accounts receivable.

Prepare Godfrey For Hip Surgery

BOSTON (P)—Doctors at Massachusetts General Hospital Wednesday began a series of tests on radio-television star Arthur Godfrey in preparation for surgery to correct hip defects.

He was admitted into his freshly

redecorated two-room suite at the hospital Tuesday after he arrived in his own two-engine plane at the Logan Airport.

No date has been set for the surgery, which doctors said would correct hip injuries suffered in an auto crash in 1931 and which have been troubling him since.

The rapidly growing freight tonnage of the U. S. inland waterway system has reached 325 million tons a year, says the National Geographic Society.

Egypt Halts Commercial Transactions With 80,000 British Troops In Suez Area

By EDWARD POLLAK

CAIRO, Egypt (AP)—Egypt was reported today trying to throw an economic noose around the 80,000 British soldiers she wants to push out of the bitterly disputed Suez Canal zone.

Interior Ministry sources said Premier Mohamed Naguib's cabinet has prohibited commercial transactions with British forces in the Suez except by "special approval by the supply ministry."

The order, these sources said, applies to foodstuffs, alcoholic beverages, building materials and

other raw materials. Banning of Egyptian sales of all these would force the British to supply their vast establishment entirely from outside Egypt.

Egyptian political circles viewed the Cabinet's new move as the start of a growing economic boycott of British forces in the canal zone. It followed a hot exchange of charges between Britain and Egypt in which each accused the other of a series of shooting attacks in the canal zone since April 1.

Cairo newspaper claimed today that an Egyptian gun salvo last night, announcing the beginning of the Moslem holy month of Ramadan, touched off five hours of British firing in which one Egyptian was wounded.

An Associated Press dispatch from Port Said, however, said that all was quiet today at the canal's northern end.

The Egyptians charged officially last night that British soldiers had killed eight Egyptians and wounded 17 in the canal zone since April 1. A government statement said the incidents had been due to "the British military's provocative actions."

NEW MEASURE WOULD EXTEND MERIT SYSTEM

HARRISBURG (P)—The House today has a new bill that would extend the merit system to some 2,000 engineering, technical and drafting employees in the State Highways Department.

The measure has the backing of Gov. John S. Fine who said in a statement that the bill was "in line with my desire and recommendation of the Chesterman Committee to insure some measure of security to worthy and competent state employees."

Rep. Harold E. Flack (R-Luzerne) introduced the proposed law last night.

"Similar action was taken recently with reference to the State Health Department so that if this measure is adopted by the Legislature approximately 4,000 employees will have merit benefits through the present administration," the governor said.

He explained that "further legislation will be requested to include other employees."

Other House Bills

Other new House bills would: Re-enact the state's 4-cent a pack tax on cigarettes and close several loopholes — Rep. Arthur Rubin (R-Philadelphia).

Prohibit cigarette retailers from giving rebates—Rep. Rubin.

Provide for summary convictions in unfair sales cases and cut the maximum fine from \$200 to \$100—Rep. Vincent E. Gutendorf (R-Luzerne).

Permit the use of real instead of assessed valuation in figuring each local community's limit of taxation—Rep. Stanley Blair (R-Erie).

Require that motor vehicles be equipped with fire extinguishers—Rep. Thomas Peta (D-Philadelphia).

Appropriate \$25,000 for erection of a monument to Pennsylvania war dead in Pittsburgh's Point Park—Reps. Olaf E. Olsen, Louis Leonard and Paul F. Luty, all Allegheny County Democrats.

OIL LANDS BILL READY FOR IKE

WASHINGTON (P)—Twice-vetoed legislation to give states title to oil-rich, submerged offshore lands was ready today for the promised signature of President Eisenhower.

It cleared its final congressional hurdle yesterday when the House, by roll-call vote of 278 to 116, accepted Senate amendments to an original House measure. That sent it to the White House, where popularly called "tidelands bills" have gone before.

In 1948 President Truman vetoed a similar measure, as he did again in 1951.

The five-year issue figured prominently in the 1952 presidential campaign, during which Eisenhower promised to support the coastal states' claim to the offshore land and its rich mineral resources.

Final House action found 184 Republicans and 94 Democrats supporting the bill. Opposing it were 98 Democrats, 17 Republicans and 1 Independent.

A two-ounce egg is considered standard.

NATION EYES STEELWORKERS WAGE PARLEYS

PITTSBURGH (AP) — Industrial America and the Eisenhower administration watched the steel capital today for an indication of what may be in the wind in the way of steel wage increases which could affect the prices of practically every commodity in the land.

The watchful waiting began as the CIO United Steelworkers opened its first negotiating session today with big United States Steel Corp.

U. S. Steel, which usually sets the pace for the entire industry.

Steel Le' Before

In past years wage increases in steel were followed by similar hikes in other industries. That is why the other industries and the new Eisenhower administration are watching. Since wage and price controls were lifted, the new GOP administration has said it would make every effort to head off another inflationary spiral.

The steelworkers union, which also scheduled a negotiating session with Youngstown Sheet and Tube Company in Youngstown, O., hasn't spelled out its demands. But it is believed to be seeking about 10 cents an hour more for workers now averaging from \$2.06 to \$2.20.

If no agreement is reached by June 30 the union is free to strike.

An old hand at the negotiating sessions will lead the U. S. Steel team. He is John A. Stephens, vice president of the big corporation. Similar contract talks will open tomorrow in Pittsburgh with Jones and Laughlin Steel Corp. and in Cleveland Monday with Republic Steel Corp.

o'clock in the York Springs Community Hall. The meeting will feature the election of officers and a musical program as well as a benefit auction. Refreshments will be on sale during the evening. Anyone who wishes may donate pies, cakes, or other articles of food, clothing, toys, games and so forth for the auction. The articles do not have to be new as long as they have a sale value. All proceeds will go into the PTA treasury. Everyone who is interested in keeping a school in York Springs is asked to come out and help make this meeting a success. This request is made by the executive committee.

2 DEPARTMENTS' APPROPRIATION CUT SLIGHTLY

WASHINGTON (AP)—The Congressional budget-cutting campaign struck a snag Wednesday when the House Appropriations Committee reported it could trim only 3 1/2 per cent from the 1954 funds of the Treasury and Postoffice Departments.

This was the smallest percentage reduction made by the committee on any appropriation bill sent to the House floor this year. Indications were the House wouldn't cut much deeper when the bill is considered today.

As recommended by the committee, the \$3,444,145,000 bill would appropriate \$611,895,000 to the Treasury Department and \$2,832,250,000 to the Postoffice Department for the fiscal year starting July 1.

This is \$127,983,000 less than former President Truman requested in his January budget message, \$53,433,000 of the cut being in funds for the Treasury and \$74,550,000 in those for the Postoffice. It is only \$5,425,000 less than Congress voted the two departments for the present fiscal year.

The committee gave no comparison of its cuts with revised budget requests of the Eisenhower administration.

The reduction from Truman budget estimates was 8 per cent for the Treasury Department and 2 1/2 per cent for the Postoffice Department.

Truman Asks Support Of Foreign Policy

JEFFERSON CITY, Mo. (AP)—Democrat Harry S. Truman has asked the nation to back the foreign policy of his Republican successor, President Dwight D. Eisenhower.

In his first public address since leaving the White House, Truman told a joint session of the Missouri State Legislature on Tuesday.

"I sincerely hope and pray that all of us will get behind the President of the United States and back him up in the foreign policy of the United States so that we may keep the peace in the world, for its welfare and for the welfare of future generations."

The 69-year-old former President, who did not mention Eisenhower by name, said the foreign policy is not a partisan job.

In addition to the legislators, an estimated 1,500 to 2,000 persons jammed the House of Representatives chambers in the State Capitol to hear Truman's 20-minute talk.

Pa. Broadcasters To Meet May 20, 21

BEDFORD, Pa. (AP)—The Pennsylvania Association of Broadcasters, believed to be the largest organization of its kind in the U. S., will hold its annual meeting here May 20 and 21.

More than 43 Keystone State broadcasters are expected to attend. Speakers will include Gov. John S. Fine and Dr. Milton Eisenhower, former president of Penn State college.

ASK PROBE OF SCHOOL SYSTEM

HARRISBURG (AP)—Two Republican senators want the General Assembly to direct its research arm to make a study of public school administration throughout the commonwealth.

The request was made Tuesday in the form of a resolution introduced in the Senate by Sens. Robert D. Fleming (R-Allegheny) and Edward J. Kessler (R-Lancaster).

The resolution, which went to the Rules Committee, would charge the Joint State Government Commission with making a complete report of its findings on school administration to the 1955 Legislature.

The resolution asserted that despite the tremendous increase in state expenditures for education in recent years "services provided for children in most school districts are inadequate."

Want Milk Control Under Ag Bureau

HARRISBURG (AP)—Proposed legislation placing the State Milk Control Commission under the State Agriculture Department has committee approval in the Senate.

The measure, sponsored by Sens. Rowland B. Mahany (R-Crawford) and John H. Dent (D-Westmoreland), won approval Tuesday of the Rules Committee.

It is based on a recommendation of the Chesterman State Government Survey Committee.

At the same time, the Agriculture Committee approved another measure increasing fees of milk dealers, which go toward support of operations of the Milk Control Commission.

Sen. Albert E. Madigan (R-Bradford), committee vice chairman, said the bill was amended to increase even more greatly the

Chevrolet trucks must be the best buy!

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all others Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Loadmaster engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction. And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.

Balancing Budget Is Very Difficult Task; U.S. May Be Out Of Red Next Year

By JAMES MARLOW

WASHINGTON (AP)—Now you see it, now you don't: the balanced budget. At the moment there's a little confusion. No one has contributed to it more than Secretary of the Treasury Humphrey.

Around Washington Humphrey is credited with being one of the smartest and smoothest members of President Eisenhower's Cabinet. Last Friday he went before the Senate Foreign Relations Committee.

Later the committee chairman, Sen. Wiley, Wisconsin Republican, told newsmen Humphrey had informed the committee:

"Although I am distressed that we cannot balance the budget this year (fiscal 1954), I do not believe it should be balanced. The risks that would involve our security would simply be too great."

And Wiley quoted Humphrey further:

May Increase Debt

"There is no prospect at all for anything but an increase in the national debt at the present moment. We have not been able to make the reductions I personally hoped to make" and "the legal limit on the size of the national debt may have to be increased."

The reason for Humphrey's "distress" in giving such views was obvious enough: The entire Eisenhower administration is self-conscious about the problem of balancing the budget, which might mean a tax cut for everyone.

During the campaign the Republicans made it a main issue, con-

demning what they called the Truman administration's wasteful spending. They promised economy if they got in and talked of balancing the budget.

And they have tried hard, during their almost four months in office, to find ways of reducing government expenses to the point where they did not exceed government income, thus achieving the budget balance.

Taft Disappointed

The day after Humphrey's statement, Sen. Taft of Ohio, the Republican Senate leader, said he was "very much disappointed" with the spending outlook for fiscal 1954, starting July 1.

He predicted Eisenhower's first budget year will show a deficit of 9 to 11 billion dollars "unless changes are made."

But if Humphrey was "distressed" and Taft "disappointed" by the outlook for fiscal 1954, at least one Republican was made hopping mad by Humphrey's quoted views.

This was Rep. Daniel A. Reed, New York Republican and chairman of the House Ways and Means Committee, which handles the problems of boosting and cutting taxes.

For months Reed has been anxious to cut taxes but the Eisenhower administration tried to hold him back until it had a chance to see how much spending it could cut.

It knew that a tax cut—meaning less government revenue—before spending could be reduced to

match income, would leave the country not only with an unbalanced budget but perhaps an even bigger deficit.

"I am amazed," said Reed, "to see the white flag run up downtown. They seem to be surrendering to the spenders. They'll never balance the budget until they remove the shackles from business by reducing taxes."

And then yesterday Secretary

Humphrey, so gloomy last Friday suddenly became optimistic although nothing has happened publicly to account for the change in mood.

He told reporters the government hopes to get out of red-ink spending by the middle of 1954.

It is estimated that the world's oceans hold 1,966,830,121,984,000 tons of magnesium.

HOUSE OKAYS NEW VOTE BILL

HARRISBURG (AP)—A bill to permit returning veterans to vote if they are honorably discharged within 30 days prior to the deadline for registration headed for the

Senate today with House approval. Another bill passed unanimously by the House Tuesday proposed an amendment to the constitution to provide for absentee balloting by hospitalized war veterans. The measure needs approval by the 1953 session before going to the voters for approval.

Other bills passed by the House and sent to the Senate would: Permit the State Fish Commis-

sion to use any means of fish eradication for the purpose of better management and control. Authorize ambulances to be equipped with two spot lights. Permit county treasurers to hold successive terms.

It is estimated there are 329,562,688 cubic miles of water in the oceans of the world says the National Geographic Society.

Planning to make corned beef hash? You'll need three to four medium-sized cooked potatoes to team with a pound of cooked corned beef. Season the hash with a small onion, finely diced. Turn the mixture into a well greased hot skillet, and cook until the undercrust is browned. Serve with poached egg and tomato catchup.

M'CARTHY HITS "CHEAP ATTACK" BY BRITAIN'S PRIME MINISTER

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) said today Britain should apologize for what he termed a "cheap" attack by former Prime Minister Attlee on President Eisenhower and the American people.

Conservative party members of the British Parliament, McCarthy said, sat silently last Tuesday while Attlee made "one of the most insulting speeches ever made in the legislative body of a recipient nation against an ally which has been pouring out her economic life blood for practically every other nation on earth."

"Entitled To Apology" In a speech prepared for Senate delivery, McCarthy declared: "The American people are entitled to an apology for this cheap, uncalled for, fantastic attack upon the President and people of the United States."

"We are entitled to an explanation as to whether the majority party in Britain agrees with Mr. Attlee, who was rejected by the British people."

One by one McCarthy took up Attlee's reported declarations that "there are elements in the United States that do not want a truce in Korea"; that the presence of Eisenhower or any American might "hinder" direct peace talks with the Russians; that "the American Constitution was framed for an isolationist state," and that "the Americans do not wish to have anything to do with Europe."

Shocked At Silence McCarthy's prepared text contained no mention of Attlee's statement that "one wonders" whether Eisenhower or McCarthy yields

the greater power in U. S. foreign policy.

"What shocked me," McCarthy said, "was that no member of the majority party arose to contest what he had said."

"I shall distribute to whatever senators who desire it," McCarthy said, "a copy of a picture of Attlee reviewing Communist troops in Spain in 1937 with Communist Gen. Miaja and Commissar Anton, a leader of the Communist party in Spain, all three giving the Communist clenched-fist salute."

"But lest someone think Attlee's Communist salute was merely an act of courtesy on his part, I have here a letter in Attlee's own handwriting. . . . He first praises in glowing terms the Communist brigade and extolls its devotion to

the 'cause of freedom and social justice.'

"And listen to this closing paragraph: 'I shall try to tell our comrades at home of what I have seen.' . . ."

"Comrade' is a Communist term meaning fellow Communist." Several times thereafter the text of McCarthy's speech mentioned Attlee as "Comrade Attlee."

Republicans Balk Attempt By Democrats To Arrest And Fire Welfare Secretary W. C. Brown

HARRISBURG (AP)—The Senate Rules Committee has thrown cold water on a Democratic attempt to seek arrest and dismissal of Welfare Secretary William C. Brown on grounds of misfeasance in office.

Chairman Rowland B. Mahany (R-Crawford), who also serves as Senate Republican floor leader, said the GOP-dominated unit will

take no action on a Democratic-sponsored resolution reciting the charges.

"There's no chance that resolution will get out of committee," he told a newsmen.

The resolution last night said Brown "knowingly and deliberately" exceeded departmental appropriations made by the Legislature. Brown denied the misfeasance accusation.

The Democratic outburst against the cabinet officer was part of a political war of nerves engendered by the six-week stalemate on the one per cent sales tax.

May Close Institutions
Brown said Monday state hospitals, jails and other institutions would have to be closed unless action was taken on appropriations to the Welfare Department. He said the "onus" would be on the Democrats.

Sen. Elmer J. Holland (D-Allentown) took issue with Brown's re-

quest for \$1,270,000 in deficiency appropriations, partly to pay salaries of department employees and workers at 10 state-owned medical and surgical hospitals to May 31. A total of \$520,000 in such grants was approved by the Senate last night and sent to the House.

Holland, saying Brown spent 24 months of departmental appropriations in 22 months, told the Senate: "I charge Mr. Brown of deliberately spending, with the knowledge that this department could not operate for the last two months of the biennium due to his wilful spending of money that he did not have."

Ask Dismissal

The Democratic resolution would have directed Atty.-Gen. Robert E. Woodside to start criminal proceedings against Brown. It also asked Gov. John S. Fine to fire his welfare secretary "for incompetence, dereliction of duty and negligence in the administration of the Department of Welfare."

Brown said there has been no irregularity in his department's spending operations. He told a newsmen:

"In order to provide for the services mandated by this department, we have to have a certain number of personnel and the reason for the deficit was because of the fact that no sufficient funds were provided in the last session to take care of the 10 per cent salary increase and

Dillsburg

DILLSBURG — Dr. Martha Bailey, well known Dillsburg resident, spoke at the annual Mother-Daughter banquet of the Women's Guild of Zion Reformed Church, Spring Grove, Monday evening.

Richard Himes, Dillsburg R. 1; Raymond Rodgers, Wellsville, and Gordon L. Shank, Wellsville R. 1, are scheduled to be inducted the armed forces May 20.

Word received by local friends from Mrs. Guy Musselman, Stillman Valley, Ill., formerly of near Victory schoolhouse, reveals that her son, Leonard, who has been overseas with the armed forces,

the addition of a new division for the purpose of licensing and in-homes for the aged."

In another development, the House voted to remain in session until at least today although the senate went home Wednesday. The extension of the House session was viewed as a continued effort by the House GOP leadership to keep the pot boiling on its efforts to line up enough votes for the sales tax.

The Assembly will not meet until Wednesday next week to give the lawmakers Monday and Tuesday off to participate in the May 19 primary election.

is expected back in the U. S. by late fall. His bride, formerly Miss Roberta L. Knight, remains with her parents who reside near the Guy Musselmans. Leonard's younger brother, Lee, is with the navy and at present aboard USS Alshain with Norfolk, Va. his home port. The Musselmans' only daughter, Rosella, who was married several months ago to Orville Capes of the Stillman Valley area, is remaining with him in England where he expects to be stationed until 1955.

Saturday, June 20, has been selected as the date for the festival conducted each year by the Ever Faithful Class of Lower Bermudian Sunday School. It will be held on the church grounds. Music will be furnished in the evening by the York Springs High School band.

Mr. and Mrs. Spurgeon Landis, Wellsville R. 1, were attendants at the recent wedding of her sister, Betty Clarissa Stermer, Dover R. 1, to Eugene Hughes, Dover R. 3, at Dover EUB Church. Mrs. Hughes is now residing with her parents, Mr. and Mrs. Curvin Stermer, while her husband has returned to duty in the armed forces.

The driver's license of William R. March, Jr., Franklinton, has been suspended by the State Bureau of Highway Safety for "failure to appear for a hearing." Another suspension imposed has

been that of James McMillan Drake, Dillsburg R. 1, for speeding.

Operating during the week of June 22, the Northwest Day Camp of Girl Scouts of York, Inc., will take place at the Wellsville school grounds and scout house, with Mrs. Roy Krall as district day camp chairman. The camp will serve scouts of Wellsville, Dillsburg and Monaghan Twp.

A leader training session conducted by Mrs. Paul Garrett, Dover, chairman of day camps for the York Girl Scout council, is scheduled for June 11 at 7 p.m. at the Wellsville scout house.

The Ladies Aid Society and the Women's Society for World Service of Wellsville EUB Church met jointly Friday evening at the home of Mrs. Jacob Zeigler, Wellsville R. 1, with devotions in charge of World Service members. Mrs. Eleanor Nelson, Mrs. Erb and Mrs. Percy D. Brown had charge of the program.

PHILADELPHIA (AP)—The National Football League, Westinghouse Electric Corp., and the DuMont Network has announced plans for the coast-to-coast television of NFL football games this fall.

The telecasts will go to 65 or more TV stations throughout the nation, Westinghouse officials said. They will include Saturday night

football, Sunday afternoon games, and a few late season Saturday afternoon games when the college television broadcast program has been completed.

The broadcast will reach all sections of the country.

Revamped Military High Command To Take Look At Navy-AF Quarrel

WASHINGTON (AP) — The revamped military high command, headed by an admiral, is to take a new look at an old quarrel between the Navy and Air Force over wartime roles.

Secretary of Defense Wilson let it be known in replying to news conference questions about appointments to the Joint Chiefs of Staff announced by President Eisenhower Tuesday.

But in confirming that the Joint Chiefs, with Adm. Arthur W. Radford as chairman, will re-examine the assignments for the services for the first time since they were agreed to in 1949, Wilson hastened to add:

One Fired, One Resigned
"We'll all work at it. We're not trying to put anybody on the spot."

The quarrel among the armed forces over roles and missions and over giant bombers vs. giant aircraft carriers had put several people on the spot during the controversy. A chief of naval operations was ousted. A Navy secretary resigned.

Out of a series of meetings emerged in 1949 what the Pentagon calls the "Key West agreement." It gave as one of the primary functions of the Air Force responsibility for strategic air warfare (the systematic bombing of an enemy's war production centers and trans-

portion to destroy the capability to continue a war).

The Navy was given among its "collateral functions" the assignment to support other services in carrying out their primary function and "to be prepared to participate in the over-all effort as directed by the Joint Chiefs of Staff."

Navy Not Happy
The interpretation given by officials who sponsored the Key West meetings was that the Navy could come into strategic air warfare upon request of the Air Force or the Joint Chiefs.

Radford, who was among top Navy officials in the dispute over missions and of the subsequent quarrel over B36 bombers and big carriers, told Congress he agreed the Air Force should have primary responsibility for strategic bombing.

But neither Radford nor any other of the exponents of the Navy's case was happy about assignment of naval air power to a collateral role.

Denounced "Fancy Dans"
Radford, a lusty fighter for the Navy cause, is being brought to Washington from his Pacific Fleet command to preside, impartially, over an organization which must resolve — if possible — interservice disagreements.

He is taking the place of Gen. Omar Bradley who, during the controversy in which the Navy fiercely opposed building a fleet of big B36 bombers, finally became exasperated and denounced "fancy Dans" in the Navy.

Radford will have an entirely new roster of Joint Chiefs members. Eisenhower chose Adm. Robert Carney to be chief of naval operations to replace Adm. William F. Fechteler. Carney is North Atlantic Treaty commander in Southern Europe.

Collins Replaced
Fechteler's term was not due to expire until 1955, but Wilson said it was decided the terms of all Joint Chiefs members would be two years. Until now some have been two years, others four. Cutting the term to two years means Fechteler is out.

Gen. Matthew B. Ridgway, now supreme commander in Europe, was named to replace Gen. J. Law-

ton Collins as Army chief of staff. Collins' and Bradley's terms expire in August. The White House had previously announced that Gen. Nathan Twining would replace Gen. Hoyt S. Vandenberg, who asked for retirement as Air Force chief of staff about July 1.

Gen. Alfred M. Gruenther replaces Ridgway as NATO commander.

Senate confirmation for all of them seemed assured.
